Soft Skills: Problem-Solving, Communication Skills, Analytical Thinking, Attention to detail, Time Management, Adaptability, Team Collaboration, Adaptable to new technologies, Written and Verbal Communication.
Hardware/Software Troubleshooting: PC/Laptop diagnostics, Peripheral troubleshooting, Hardware/software installation/replacement, Configuration problems, Compatibility issues, OS Installation.

WORK EXPERIENCE

IT intern

February 2026 – April 2026

TechFactors Inc. | Quezon City

- Developed a web-based audit and equipment management system using TypeScript, Vite, and Firebase.
- Assisted in software testing, debugging, and implementation of system features.
- Programmed and assembled Arduino and Raspberry Pi Pico W projects for hardware-based applications.
- Collaborated with developers and supervisors during deployment, validation, and troubleshooting activities.
- Participated in technical documentation and system support processes.

Thesis Capstone

A.Y. 2025–2026

Laguna University | Sta. Cruz, Laguna

- Developed a web-based forecasting and simulation platform with interactive dashboards.
- Built responsive interfaces for data visualization and forecasting insights.
- Implemented front-end functionalities for user interaction and simulation controls.
- Collaborated on backend integration and system testing.

Technical Support and Systems Technician

2018–Present

Freelance | Victoria, Laguna

- Diagnosed and repaired desktops, laptops, smartphones, and electronic devices.
- Installed and configured operating systems and software.
- Performed hardware upgrades, maintenance, and troubleshooting.
- Provided technical support and customer service to clients.

EDUCATION

Bachelor of Science in Computer Science –
Data Science

General Academic Strand (GAS)

Laguna University

Lice de Victoria

2021–2026

2018–2020
